

dimedis releases new digital signage website

Since July 2010, the website of Kompas, the digital signage solution made by dimedis, sports a new look. Visitors of www.kompas-software.com will find a wealth of information about Kompas and the topic of digital signage, presented within a fresh and attractive design.

Kompas is one of the most powerful and flexible digital signage systems on the market. It combines maximum stability with cost-efficient mobile technology and offers solutions for a vast number of different applications.

Dimedis will be presenting Kompas and its advantages to interested parties on this year's VISCOM in Frankfurt from the 4th to the 6th of November. For more information, visit us at stand H11 in hall 3.0.
